

## WANTED:

The Buffalo Transportation/Pierce Arrow Museum would like to acquire a vintage charging station for electric vehicles for our permanent display. Chargers date from 1900 to the 1920's & are similar to the photos. Several electric cars were made in Buffalo & were popular with lady drivers. The museum collections include a 1902 Buffalo Electric, a 1913 Ohio Electric & a 1922 Automatic Electric.

Contact the museum:

716-855-1931
